Corporate Presentation

ABOUT US

Meditronix was founded in June 2015 with the goal of broadening the scope of the Medical & Healthcare industry. With a focus on creating and maintaining a culture of care, we have developed a solid foundation for growth and sustainability. Caring for life has been and continues to be the primary focus and purpose of the organization.

We are committed to solving the challenges by contributing to the evolving healthcare ecosystem in the areas of critical care and surgical applications by providing products that are less invasive, reduce infections, cost effective and improve patient safety.
